

## HARDWARE.

**DOUBLE OVEN COOKING STOVE.**

The subscriber has just received a lot of  
double ovens, which are made of cast iron  
and are decidedly superior to any stove ever in-  
vented. Having two ovens at the same time, which  
can be heated at the same time, which  
will be a great convenience. They can be heated  
in a single oven. This tends to great  
economy in fuel, and will make all other  
kitchen operations as well as let  
the housewife have more time for other  
work. Those in want of such an article are invited to call  
and examine this before purchasing any other. This is the  
best article to be had for the money, and it is  
now in every store in the country.
